All SEPA RC&D Council and USDA-NRCS programs and services are offered on a non-discrimination basis without regard to race, color, national origin, religion, sex, age, disability, political beliefs, sexual orientation, or marital or family status.

Who We Are

The Southeastern Pennsylvania Resource Conservation and Development (**SEPA RC&D**) Council is a regional 501(c)3 nonprofit organization that partners with organizations, government agencies, businesses, and individuals to address local needs dealing with land conservation, water resources, community development, and other environmental concerns.

The SEPA RC&D Council mission is to improve the quality of life for people in the region by promoting programs that conserve and enhance the area's natural and community resources.

The Southeastern PA RC&D Council and its projects are funded by grants, donations, and membership dues.

The SEPA RC&D Council is guided by a 15 person Board of Directors. It is an IRS approved charitable organization. SEPA RC&D is registered with the PA Bureau of Charitable Organizations, registration does not mean endorsement.

The **RC&D Program** is a locally lead partnership between community leaders and the USDA Natural Resources Conservation Service. USDA-NRCS supports RC&D Councils by providing technical assistance to help accomplish their Area Plan and Annual Plan of Work.

There are currently nine (9) RC&D Councils serving Pennsylvania and 375 RC&D Councils in the United States.
